

I have been using the After the Game Anti-Inflammatory Soak per your instructions consistently since the beginning of my season. This product has really helped me solidify my practice of post practice and post game icing. I have enjoyed the product greatly (as have my teammates) and hope to use it for the remainder of my season and throughout the post season.

Thank you for your instruction and supplying me with the product. I really appreciate your time and concern for me as an athlete.

Sincerely,

Dawn Staley
